Welcome to Finnegan's @
Well Street fish restaurant.

The premises has been serving fine
fish & chips to the general public
for over 50 years.

Our aim is to serve the finest quality fish
and chips, prepared with care and
served with a smile.

Each morning we prepare freshly cut
chips from the best potatoes and
start preparing all the homemade items.

Fresh UK hake cutlets are our signature dish
served with bone in. All of our other fish is
supplied from the cold, well managed
waters north of the Faroe Islands where
the stock is plentiful

Thank you for your custom, we hope
you enjoy your meal.
